Celayix Voice

Employee Scheduling and Time & Attendance Solution

With over a decade of experience in workforce management solutions, Celayix can help automate scheduling, streamline communication, and track employees. Celayix is committed to providing best-of-breed staff scheduling software, and is proud to deliver business solutions for our customers' biggest asset – their workforce.

Integrated Telephony

Voice Xpress automates the communication between organizations and their employees using the telephone. It is ideal for a mobile workforce that does not have guaranteed access to the internet.

Efficient Time & Attendance

Reduce time spent communicating schedules and monitoring attendance.

Key Benefits

Telephone Clock In/Out

Employees with land or mobile lines can record worked hours anytime, anywhere.

Automate Schedule Communication

Employees can review published schedules.

Alerts

Managers receive alerts for no shows, late check ins, and items that require attention.

1-888-591-5558 | educate@celayix.com | www.celayix.com

Features & Benefits

> Real-time alerts have helped improve attendance, employee accountability, and customer satisfaction.

Melissa Rosengren
Business Cleaning Solutions

Publish Schedules
Employees who dial in are granted access to schedules 24 hours a day, 7 days a week.

Clock In/Out
Record employee attendance with mobile or landline telephone connections. Mobile workforces can be tracked and monitored by caller identification.

Safety Checks
Monitor the health and safety of employees working in remote locations.

Automated Alerts
Managers can be instantly alerted to no shows or late check-ins when employees fail to clock-in/out within specified time frames or when not using authorized telephones.

Simplified Menu Structure
Only options applicable to the action that an employee must take will be presented making it easy to perform the action and exit the system.
